Item 8.01 Other Events

A board meeting called for the purpose of discussing a shareholder demand letter and informing the board that the independent non-conflicted directors had hired independent counsel to conduct an internal investigation in response to the demand letter requiring immediate initiation of an investigation of alleged breach of fiduciary duties by various directors and other possible violations of federal securities laws. The directors who are the subjects of the allegations of breaches of fiduciary duty asserted the position that they voted to fire the CEO. As that action was not the purpose of the special meeting, the determination of the non-conflicted independent directors was that the termination was not effective, and based on that and in accordance with the CEO's employment contract the CEO remains. The CEO through counsel has notified the SEC of the action taken by the directors whose conduct is discussed in the demand letter that gives rise to the investigation, and the CEO continues to serve as the CEO consistent with the terms of his employment agreement. The internal investigation is proceeding under the two non-conflicted independent directors Patrick Bagley and Ronald Boyd.
